

E.B.U. REVIEW

PART A - TECHNICAL

Published bimonthly by the Technical Centre of the European Broadcasting Union (E.B.U.)

INDEX OF CONTENTS

1967

Numbers 101 to 106

(February, April, June, August, October, December)

ARTICLES

BELGER E. and von RAUTENFELD F.	The dependence of the RF protection ratio on the carrier-frequency difference in AM sound broadcasting	101- 19
BELGER E. and JAKUBOWSKI H.	Increasing speech intelligibility in long-distance MF reception	105-192
BUFFARD R.	A new test-tape for verifying the alignment of magnetic heads	102- 59
EDEN H.	Perspectives of replanning LF/MF broadcasting	106-242
FANTI P. and SALVATORI G.	The satellite Earth-station at Fucino and its new 27.4-metre aerial . .	103- 97
GEDDES W.K.E.	A meter for the assessment of drop-outs in television tape recording . .	104-145
GENSOUS B.	A new generation of television outside-broadcast equipment	104-152
GREGEOS J.	Television film-recording from a negative image	101- 2
LARI G., TAGHOLM L.F. and BELL C.P.	Research on VHF ionospheric propagation (Band I)	105-182
MAZZINGHI F. and SAINI C.	The management of replacement stocks for unattended stations	101- 11
MERTENS H.	Method of specifying the signal-to-noise ratio for a satellite television- distribution system	103-104
MOREL M.	The new equipment in the R. Barthélémy Television Production Centre in Paris	105-199
ORSINI G. and ZACCARIAN P.	The influence of tape-recording on television programme production in Italy	102- 46
RAINER P.	An all electronic field-store television standards converter	103- 90
RINDFLEISCH H.	Present state of the television and VHF sound-broadcasting networks in the Federal Republic of Germany	104-138
SANTARELLI G.	The R.T.B. sub-titling equipment	102- 54
ZACCARIAN P.	Television-tape inspection table	104-172
ZACCARIAN P.	Specification for recording a reference television tape	106-234
Editorial, HANSEN G.	The future of LF/MF broadcasting	106-230

The numbers of the issues are printed in bold type and the page numbers in Roman type.

INTERNATIONAL NEWS

Calendar of international meetings dealing with sound and television broadcasting engineering	101- 36; 105-205
I.T.U. : Death of Mr. M.B. Sarwate, I.T.U Secretary General	101- 23
Implementation of the recommendations of the Panel of Experts	102- 66
Final Acts of the African LF/MF Broadcasting Conference	103-113
Service documents of interest to broadcasting	103-113
Frequency planning for LF/FM broadcasting	105-210
C.C.I.R. : Handbook on directional HF aerials	101- 23
C.C.I.T.T. : Interim meeting of Study Group XV (Transmission systems)	106-252
C.E.P.T. : Meeting of the TTVS Working Party (Vision and sound transmission)	101- 23
C.I.S.P.R. : Working Group meetings in Oslo	103-111
Plenary Assembly at Stresa	105-206
I.E.C. : Meeting of Technical Committee 12 (Radiocommunications)	105-208
I.S.O. : Sixth meeting of Technical Committee ISO/TC 36	104-157
U.R.S.I. : Death of Colonel Herbays, Secretary-General	106-253
Carrier offset for UHF transmitters, Herceg-Novi meeting, June, 1967	104-170
Expansion of television in 1966	102- 86
Television satellites	102- 78; 103-124
"Pirate" broadcasting stations	101- 36; 102- 76; 104-168

AUSTRIA

Dr. Skalar becomes Technical Director of the Ö.R.F.	103-114
Directional HF-broadcasting aerial at Moosbrunn	104-158

BELGIUM

UHF transmitters ordered	106-253
Radio exhibitions	106-254

CANADA

Television coverage of the fifth Pan-American Games	104-159
---	---------

Danmarks Radio's new Television Centre	101- 24
--	---------

FRANCE

Colour television	104-159; 105-211; 105-212
New film equipment for the O.R.T.F. Research Department	102- 66
A new generation of television outside-broadcast equipment	104-152
Service trials of a mobile television tape-recorder	105-211
"Seventy metres per second" (Television outside-broadcast)	103-114
Television coverage of the Second South Pacific Games	101- 28
Preparations for the Xth Winter Olympic Games	106-254
Paris Radio Exhibition	105-212
A new technical periodical	103-115

GERMANY (Federal Republic)

Sound Broadcasting

MF transmitters	101- 28; 102- 69; 104-160
Shortwave transmitters	102- 67; 104-163
VHF/FM programmes for foreign workers	101- 28
An HF transmitting aerial for the European Service	105-214
New sound broadcasting studios (Cologne)	102- 67
Stereophonic receivers	102- 69; 106-257
The end of wire-broadcasting in West Berlin	101- 28
A Sound Broadcasting Conference at Düsseldorf	104-163

Television

Colour television	102- 69; 103-115; 104-160; 105-213; 106-254; 106-255
Towers and aerial masts	101- 28; 105-214
Transportable mast for outside broadcast	106-256
New television studio centres : Düsseldorf, Bonn, Bremen, Berlin	102- 69; 103-115; 104-160
O.B. and measuring vehicles	102- 69; 103-115; 104-160
The Südwestfunk's film-printing unit at Baden-Baden	104-161
Slow-motion television	106-255
The "beard-effect" of image-orthicon cameras	106-255
Population coverage of the Second Television Programme	101- 28
Meeting of the Fernseh-Technische Gesellschaft	106-256
Death of Dr. E. Schwartz	104-160
New radio-relay connection between the Federal Republic of Germany and Czechoslovakia	103-115
Common-aerial installation for a whole town	103-115
Broadcast coverage of the funeral of Dr. Adenauer	104-162
The Berlin Radio Exhibiton	105-215

GERMANY (Eastern)

New East-German MF transmitters	104-163
---	---------

IRAN

Introduction of official television broadcasting	101- 28
--	---------

IRELAND

New Director of Engineering	105-215
Vertically-polarised VHF/FM sound broadcasting	106-257

ISRAEL

Development of television	104-163
The International Television Trust Production Centre	106-259

ITALY

New accommodation for the RAI Directorate-General in Rome and Torino	102- 69; 102- 70
Sorrento monitoring station	106-260

JAPAN

Electronic television-standards converter	105-217; 106-260
Television transmission using two satellites	101- 29
Mobile television tape-recording unit	101- 29
Steering device for radio-relay aerials	105-216
A compact portable 2-inch image-orthicon camera	103-117
Recording colour television on film	102- 72
Novel reverberation-room	102- 72

KENYA

Official opening of a new MF broadcasting station	101- 31
---	---------

MEXICO

Live colour-television programmes about to start	103-117
--	---------

NETHERLANDS

Colour Television	101- 32; 105-217
Completion of the television network. The mast of Wieringermeer	104-164
First permanent N.T.S. studios	103-117; 106-262
Technical equipment of the Santbergen Studio, Hilversum	101- 32
New control-room in the Amsterdam Concert Hall	103-119
Broadcasting the wedding of the Princess Margriet	101- 31
World cycling championship, 1967	106-263
Opening of the N.R.U. Music Pavilion	101- 33
Introduction of television publicity	101- 33
Television-broadcasting time allocated to new organisations	105-217
Retirement of the Commissioner for Broadcasting	101- 33
